SUMMARY

Looking to gain real-life experience with an awesome team at a great company

EDUCATION

University of Toronto

Bachelor of Science, Computer Science — 2012-Present

SKILLS

- Languages: Python, JavaScript and Objective-C
- Knowledge of CSS and HTML
- Knowledge of Meteor
- Git and Terminal knowledge
- Creating widgets in GoogleWebToolkit
- Creating applications using Xcode
- Proficient in PC and Mac environments

EXPERIENCE

Intern, MinoeWorks

July 2013 - September 2013

Working in a startup company under agile methodology. I was testing the website for bugs and working in Eclipse to create widgets using GWT. Designed and implemented a tooltip widget that gets executed on hover of mouse for specific widgets on the website.

Sales Associate, Little Burgundy

November 2011 - Present

Providing amazing customer service for customers looking to acquire great footwear. I am able to process cash, credit and debit transactions. Great communication skills lead to further selling of handbags and shoe care. Able to work in a group as well as provide training for new employees. I am able to operate under stress (rush hour traffic) and carry out manager's tasks fast and efficient.

Accomplishments

- Ranked first worldwide in Club Elite for Aldo Group.
- Ranked first in Ontario in Club Elite for Aldo Group.

Sales Associate/Design Consultant, Solutions Organized Living Store

June 2010 - August 2011

Assisted customers on sales floor with purchases as well as answered customers' inquiries over the phone. I was able to use Microsoft Word, Excel and Powerpoint to create different sale signs and promotion posters. Created custom interiors for clients using design software.

Accomplishments

- Over 50 custom closets created and sold.
